

Southern Region Cohesive Strategy Models for Action

Southern Case Studies & Success Story Template

The [National Cohesive Wildland Fire Management Strategy](#) is a national collaborative effort to bring a broad cross-section of stakeholders together to address wildland fire management challenges. The [Southern Region's Action Plan](#) details the goals, desired outcomes, investment options, outcome measures, and priority implementation actions for the Southeast Cohesive Strategy Region. The implementation of the Regional Action Plan is on-going with efforts from over 65 stakeholder groups. We invite your stories to highlight both the successes and challenges related to the implementation of Cohesive Strategy. We hope your story will inspire others to better prepare the Southeast for future wildfires. For more information, contact: Holly Campbell, hcampbell@sref.info, 706-559-4312
